Paul Bright , Rob Braddock (CCBA)
Keith Ferry (Norwich)
Tony Horton (LCA)
Barry Mills (Yorkshires)

2 Minutes of AGM - 1st August 2021

Agreed as a true record, proposed Huw Evans, seconded Wayne Morton.

3 Matters Arising – none.

4 President's Report – no report in the absence of the President.

5 Chairmans Report - The chairman was absent due to covid but forwarded the attached report for the meeting.

6 Secretary/Treasurer's Report – much of which the secretary would report on is on the agenda and will be dealt at the appropriate time. One matter of importance that has been received is a request from the Fife Fancy Federation to be acknowledged by the Canary Council and the NCA as the only recognised governing body for the Fife Fancy within the UK and then if accepted in Europe through the NCA and COM. After discussion on the current issues within the FFF and the FFC it was agreed to recognise the FFF as the governing body for the Fife Fancy and accept affiliation of the FFF to the Canary Council. The NCA at its AGM the previous day also recognised the FFF as the governing body of the Fife Fancy.

The second request relates to the National Exhibition and the current status of the club currently running the Fife section. Last year's schedule offered 3 Options for membership, not the open show spirit of the National Exhibition and concern was expressed about the copyright infringement of the standard/model should they use it this year. As this

is a matter for the Parrot Society to determine the secretary agreed to forward the request to Les Rance , PS secretary.

7 Harlequin – proposed show cage. A request has been received from the organiser of a facebook group for the Portugese Harlequin for advice upon which show cage should be used in this country for this breed of canary .They were looking at either the new colour cage or the continental white plastic show cage.

8 Correspondence as above.

9 National Exhibition.
